Patient Care

Video: Pediatric heart transplant innovations

Mayo Clinic Children's Center pediatric cardiologists Rebecca K. Ameduri, M.D., and Elizabeth H. Stephens, M.D., Ph.D., share how the pediatric heart transplant team is using the latest innovations to improve outcomes. They also share when the best time is to refer a patient.

Characteristics of isolated bulb celiac disease in children

Researchers from Mayo Clinic and the University of Illinois College of Medicine at Peoria recently sought to learn more about the characteristics of isolated bulb celiac disease in children and to determine whether bulb biopsies need to be separated from distal duodenal biopsies.
