

Children's Center Physician Update

October 2022

Patient Care

Individualized care for pediatric brain tumors

The Pediatric Brain Tumor Clinic at Mayo Clinic Children's Center in Rochester, Minnesota, offers a multidisciplinary approach to specialized treatment required for pediatric brain tumors.

[Learn more](#)

Treating rare pediatric cancer

Through a clinical trial, Mayo Clinic treats pediatric patients with primary and recurrent rhabdomyosarcoma, offering a cutting-edge treatment option for relapsed disease.

[Learn more](#)

Novel treatment options for developmental dysplasia of the hip

Mayo Clinic surgeons offer treatment and intervention options for developmental dysplasia of the hip (DDH), a condition that is now known to change with a child's growth and development.
